 September 19.....Boy Scouts, outdoor range closed  
 September 20.....Boy Scouts, outdoor range will be available after 8:30 am.  
 October 22.....Regular skeet season ends

### An Important Safety Reminder

Some members have been shooting from the covered 100 yard section of the rifle range to targets placed closer to the firing line. This may be handy in poor weather but it poses risk of bullet ricochet to other parts of the club or properties adjacent to the club. The long standing club rule is targets may be placed only at the foot of backstop berms.

## A Note From The President

Again this year, we are having a very busy and successful season. I would like to point out the addition of Archery shoots to the summer schedule. Details are included in this newsletter.

Various projects necessary to maintain the club facilities continue. We want to complete painting of the club house exterior this season. Painting and maintenance of the indoor range is also needed.

The covering of the rifle range firing line continues this summer. The cover over the 100 yard section has been well received. This summer we will cover the 25 yard section. Heavy rain this season has delayed use of excavating equipment to begin construction.

Help is needed to run scheduled events and to work on the above projects. If you can help by providing materials or with the work, please get in touch. Reducing the cost of required maintenance leaves more funds available for facility improvement.

For any of you who wish to contact me, please note my phone number has changed to 802-933-4989.

**Donna Jutras**

## Officers and Directors

### Officers

President	Donna Jutras .....	933-4989	jutras@surfglobal.net
Vice President	Bill Brunelle .....	524-6320	billkat1@sover.net

## Reminder Of Summer Meeting Schedule

For July and August, there are no general membership meetings on the last Wednesdays of the month. The normal meeting schedule will resume in September.

---

## Two Service Rifle Matches Left This Season

By the time you read this, we will have had a Service Rifle Clinic and three matches. There are two matches remaining this season, on the second Saturday of August and September.

Club membership is not required for participation in matches. Fifty-five rounds of ammunition and an as issued military rifle or NRA National Match compliant Service Rifle are required to compete. If you do not have a compliant rifle but would still like to participate, you can use another rifle and shoot for score.

The entrance fee is \$6.00. Observers are welcome.

For additional information call Ray Aubin at 893-3325.

---

## Archery Shoots in July, August and September

There are four Archery Shoots remaining this season on August 22 & 23 and September 12 & 13.

They begin at 8:00 am and close at 1:00 pm.

Trophies are awarded to the top three in each class.

We would like to thank those who have helped to place and pick up the targets.

Without their help the shoots would not be possible.

---

## Law Enforcement to schedule Outdoor Range use on Wednesdays

Law enforcement agencies that wish to use our outdoor range for qualification and practice will be scheduling use of the range on Wednesdays. The range will be closed for member use during those times. If you wish to use the range on Wednesdays, you may check the club website or call Donna Jutras to confirm range availability.

---

## Construction of Rifle Range Firing Line Cover Continues

The long planned construction of a firing line cover for the rifle range is to continue this summer. Last summer the 100 yard section was covered. The 25 yard section will be covered this summer. Eventually there will be covered sections for the 25, 50, 100 and 200 yard sections.

---

## Rifle Range users asked to use care in mounting Targets

In order to reduce the work and costs for target holders, users of the rifle range are asked not to shoot at the posts used to hold up the target mounting boards. Also, mount targets away from the posts to minimize hits on them. They can be located by a quick look over the top of the mounting boards.
